

Patient Warmer

AYUTECH PSW-100

Key Features Summary:

- Temperature Probe on Outlet Connector
- Easy Filter Replacement:
- Designed for quick maintenance.
- Filter Panel on Back Panel:
- Prevents dust collection.
- Enhances filter life and improves performance.
- Easy Button Operation:
- Features a "click key" system for easy usage.
- Operates with pre-set temperature settings.
- Collapsible Hose Pipe:

Patient Warmer AYUTECH PSW-100

Key Features:

Compact & Lightweight:

Total weight of just 5 kg for easy portability.

Flexible Temperature Options:

 Four pre-set temperature levels:

- Low: $34^{\circ}\text{C} \pm 2^{\circ}\text{C}$
- Medium: $40^{\circ}\text{C} \pm 2^{\circ}\text{C}$
- High: $45^{\circ}\text{C} \pm 2^{\circ}\text{C}$
- Boost: $47^{\circ}\text{C} \pm 2^{\circ}\text{C}$

Dual Thermistor-Based Temperature Control:

Thermistors placed at both machine and hose outlet for accurate temperature monitoring.

Automatic Temperature Step-Down:

Blower automatically reduces from Boost to High after 45 minutes for patient safety.

OLED Display:

Clear, bright display for easy operation and monitoring.

Wide Voltage Compatibility:

Works with 110-120V AC (60 Hz) and 220-240V AC (50 Hz).

Collapsible Hose Pipe:

2-meter stretchable hose pipe designed for easy storage and handling.

Integrated Temperature Probe:

Provides precise air temperature readings directly at the hose outlet connector.

Easy Filter Maintenance:

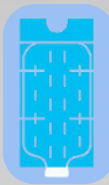

Quick filter replacement by removing just 4 screws.

Rear filter panel prevents dust accumulation, enhancing filter lifespan.

User-Friendly Interface:

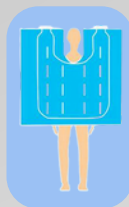

Simple 'Click Key' button control for pre-set temperature selection and smooth operation.
